Arthritis, Rheumatism Sufferers!
**Time Proven ICY-HOT
PUTS PAIN TO SLEEP**
“Without taking Pills”

If you're one of the many, many folks who have "tried everything"—taken pills by the thousand, capsules until you've gagged on them, spoonfuls of evil-tasting liquids until you can't stand the sight of your medicine cabinet, then it's time you get ICY-HOT.

ICY-HOT has been making friends for just about 50 years.

You don't "take" ICY-HOT. Instead you just rub its creamy balm over the affected joints or muscles. That's all there is to it. ICY-HOT must get you the results you want—blessed temporary relief from the pain of arthritis, bursitis, rheumatism, soreness, stiffness. You begin to sleep peacefully again. You can actually feel the pain lessening. If you don't have relief in 24 hours, we'll return your money.

Yes, you must be 100% *thrilled* with the speed with which ICY-HOT puts pain to sleep, or we'll return the purchase price without question. \$3.00 for 3 1/2 oz. jar, or \$5.00 for 7 oz. jar.

**\$3.00 & \$5.00
Sizes**

**We have a nice selection of
memorial wreaths, and
flowers. Shop early for best
selection.**

A Time to Remember

...and a time to pay grateful tribute to the men and women, throughout our nation's history, who answered the call to arms when trouble threatened the land . . . who gave their time, their energy, their courage, and their very lives to protect the principles upon which this country was founded. Today we pause in reverence to recall their sacrifice and renew our own determination that it shall not be in vain . . . that our American way of life shall grow and flourish for us and for generations to come. It's time to remember, to count our blessings, to cherish our sacred heritage, and put it to productive use.

Bigger savings with big round bales start here

International® 241 Bigroll Baler

The many superior features of IH Bigroll Balers give you extra time, labor and quality-saving benefits. Included is the ability to make full 6-ft. diameter bales with loose cores that permit "breathing," yet have extra-tight surfaces for maximum resistance to weathering. And you also get dump-and-go convenience, which means you don't have to back up to eject in order to get all of the windrow when starting a new bale.

- Exclusive lower belt tracking system lets belt float to tolerate loads, reduce wear.
- Exclusive individually replaceable upper belts.
- Exclusive twine guide positioning indicator for more convenient and twine-saving wrapping performance.
- Exclusive pilot-operated check valve... does not require tractor check valve.
- Exclusive vertical hitch adjustment to maintain level baler operation.

See us for details. Easy finance plans available.
